**Why are you running for a position on the NCRC Board?**

With the past leadership's work and efforts, now is the time to be deliberate with the direction of our Region within this industry. I would like to build off what has been done and set a clear path forward. This path will be inclusive to Large and Small Agencies. As we go forward my vision is that we understand and respect our differences. With the understanding that we have far more in common than what our differences are. We do this through engagement through advocacy, education and Intentional Leadership.

With your support, I with the other newly elected and appointed positions of NCRC, will move our organization to the next level of Affordable Housing Leadership which will assist you in being a partner to improve the socio-economic challenges in your local communities.

Thank you.
